

September 3, 1974

Dr. Dave Mitten
Director
Cathedral Hill Medical Group
1801 Bush Street
San Francisco, California 94109

Dear Dr. Mitten:

You will no doubt recall our celebration of the birthday of Mary Ellen Pleasant on August 19, 1974 under the eucalyptus trees planted by her in front of what is now the location of the Cathedral Hill Medical Group.

We were pleased at your presence at the ceremony and this letter is to thank you for your commitment to the City and to Mary Ellen Pleasant's memory in assisting with the care of the trees.

Black Women Organized for Action is aware of the importance of Madame Pleasant as part of our historical past and the preservation of her trees is symbolic of that recognition. We are particularly pleased when others share with us that recognition.

We look forward to the next celebration under the trees and thank you for your pledge to contribute to the preservation of her memory.

Cordially yours,

Katherine Nash
